

Chichester was started in 1992 as a part-time hobby business exporting Native American arts and crafts from Canada to the United States. During the past 33 years, we have grown into a distributor of Native American arts and crafts, museum and gift shop merchandise, furs, hides, skins, antler, horn, craft supplies, and natural products. Our customers include museums, gift shops, theme parks, trading posts, catalog retailers, opera companies, movie producers, set designers, costume designers, manufacturers, and craftspeople around the world.

As we celebrate our 33rd anniversary in business, we would like to thank all of our suppliers who have provided us with quality merchandise and good service and our customers who have made our growth possible. We hope to be able to serve both groups equally well in the coming years.

We are constantly adding new products. Please check our website for new items that did not make it into this catalog.
