DINOSAUR CLAW PENDANT NECKLACES

344-2

We are pleased to offer our line of reproduction dinosaur claw pendants on a 32" black linen cord. These high-quality injection-molded replicas have been cast from real specimens and hand painted. They have proven to be a high-volume item, as evidenced by sales of over 7,000 units in one museum gift shop in a single season. This line is carried by major dinosaur museums throughout the United States and Canada. The pendants hang on a descriptive four-color card as shown.
