SKUNK TAIL DOG TRAINING TOOLS

Please note that these training tools are best suited for gentle chewers or dogs with less aggressive biting tendencies. They are not intended for chewing but rather as play companions for you and your dog. To ensure the tool's longevity, please do not leave it unattended with your dog, especially with aggressive chewers or puppies.

These dog training tools feature skunk tails attached to a sturdy polyester strap. They're perfect for interactive play, including tug-of-war, fetch, and training sessions.

The skunk tails are approximately 11" to 12" long. The straps are approximately 26" to 29" long by 1" wide. The overall length is approximately 37" to 41".

As these are made with real skunk tails, there may be a minor musky smell. The tail color and striping will vary from tool to tool. (*Mephitis mephitis, wild*).
