A NOTE ON COLORS

We use the six-digit Pantone™ Fashion and Home color system for communicating colors between customers and the factory in China. Full reference books or color chip cards are available from Pantone at www.pantone.com.

Custom order colors must be prepaid and may take 2 to 3 months to bring in from China unless you absorb the cost of rush shipping. If you preorder and prepay, you may qualify for special import prices. No refunds on custom colors. Please call for details.

While we may supply the Doll-Hair market, please note we supply Tibet Lamb PLATES, not Hair. Please advise of any specific requirements when ordering but if you do not believe the plate will meet your needs, you must notify us upon receipt before cutting or altering in any way. Many doll customers prefer individual skins to avoid seams from sewing found in plates.
