174-350

BLACK BEAR TEETH

These are real black bear teeth from U.S. bears. The canines are about 1½" to 2½" long and about ½" to ¾" wide in the middle. The molars are about ½ to ¾" long and about ¼" wide. The teeth have been cleaned and are in good condition. If not kept covered in mineral oil or Vaseline™ they will crack over time. Use household hydrogen peroxide from the drug store to whiten them by soaking overnight. (*Ursus americanus, wild*).

Sales are restricted to legal states. Please see our website or call to see if we can ship these to your state.

Product of the USA

Code	Description	Price
174-350-AS	*Real Black Bear Canine	\$54.67
174-360	*Real Black Bear Molar	\$12.67

* Sales restricted in some jurisdictions. CITES II; No exports.

174-360

BUFFALO MOLARS

174-250

The North American bison molars come from ranch-raised buffalo. They have been cleaned, but not drilled. Ideal for making pendants and other craft projects, they are approximately 2¼" to 3" long. (*Bison bison, ranch*).

5200-3 Animal Teeth

RATTLESNAKE FANGS

These are real Texas Western Diamondback rattlesnake fangs from south Texas. They are sold individually. The small fangs measure 3/4" long and the large fangs measure 1" to 1 1/4" along the outside curve. Not for sale in Oregon. None of our rattlesnakes products come from California or Oregon. (*Crotalus atrox, wild*).

Product of the USA

598-F1-L

598-F1-S

We also have #2 quality fangs. They are cleaned but with a darker coloring than our #1 fangs, giving them a more 'natural' look.

598-F2-AS

Code	Description	Price
598-F1-S	Rattlesnake Fang:Small	\$11.15
598-F1-L	Rattlesnake Fang:Large	\$18.60

The #2 rattlesnake fang tips are fangs with the socket bone cut off, and are cleaned but darker in color.
