

5230-1 Animal Tusks

WARTHOG TUSKS

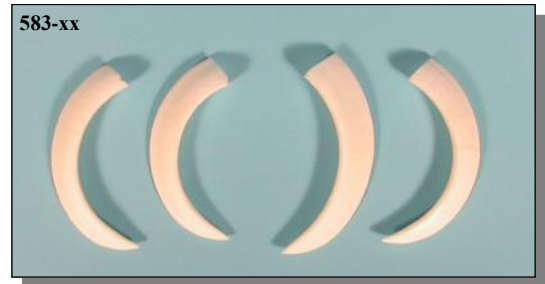

The warthog tusks are sold by size, measured on the back curve. Although warthogs are not an endangered species, the tusks cannot be exported in small quantities due to strict import regulations in most countries. These tusks will have natural marks, cracks, chips, or other flaws. (*Phacochoerus africanus, wild*).

Product of South Africa

583-D1213	Double Boar Tusk:12"-13"	\$44.62

The double boar tusks are made from two boar tusks that are glued together and tied with twine. The tusks are hollow at the base so they are glued together with a small piece of wood inserted inside them. They are perfect for use as pendants. These are #1 premium boar tusks that have been cleaned and are ready to use for making jewelry or displaying. They are measured from tip to tip along the outside curve of the tusks. (*Sus scrofa, ranch*).
